ASC SANISPRAY

CLEANING MADE EASY

The ASC Sanispray is a compact and maneuverable 100% electric traction-driven sanitizer trolley.

The machine is built with a robust, stainless steel frame that is protected against corrosion, making it suitable for different weather types.

It is fitted with large pneumatic tyres, giving the Sanispray the ability to climb over kerbsides, and be used for indoor and outdoor areas.

With its large 120L sanitizer storage capacity, the Sanispray can run for up to 5 hours at a time.

Equipped with a variety of tools, the Sanispray comes with 3 bins for proper separation, broom, litter picker, shovel and sanitisation wand.

SIMPLE OPERATION

The ASC Sani-spray has simple operating controls making it easy to understand with minimal training.

ON-BOARD CHARGER

Powered by a 24V AGM battery pack, the machine is fitted with an on-board charger that can be plugged into any standard power outlet.

PNEUMATIC TYRES

The ASC Sanispray can climb a gradient of up to 20% and easily pass over large humps.

FEATURES

- Simple and intuitive to use
- 24V AGM Battery pack
- Front and Rear safety lights
- 120L Chemical capacity
- 3 Bins for proper separation of debris
- Pneumatic tyres for all types of terrain
- Compact and maneuverable
